No one has contacted me so far as written in your mail reply. It seems to me that you are not interested in resolving the complaint but only want to delay the matter.

Pl ask your man to settle the issue quickly or else I will be constrained now to go ahead with my police complaint to cyber Cell Police without sending anymore mail.

I find the approach of your company to be very casual and you need to give proper attention to your customers complaints.

Dear Sir,

My following order was delivered. The delivery man did not allow to open and check the material before payment. So the Cash of Rs1100 was paid and packet was opened in his presence. The material delivered is of very small size and of no use to me. I had ordered for 42 size while the goods delivered is of 38 size and so of no use to me. The material is lying unopened after verification of size label from the transparent plastic cover.

Moreover the quality of material delivered is also not up to my expectation and hence I would request you take back the material and refund the amount to me. I wanted a better quality material while the goods sent is very cheap. I could not judge correctly as full description of material with count and weight is not mentioned on the web site.

If you do not refund in cash and need the details of my bank/paytm account number for refund, pl let me know.
