Thank you so much for your concern my dear, you don't have to worry. I will thank you first for your urgent reply, and you're such a nice person I really need you in this project. Due to my medical condition the Doctors have deprived me of all communication Device, i'm writing you this mail from a Nurse Laptop. Our communication should strictly be through email because i don't want my late husband's family to know whatever i am doing. They are all praying I should die to enable them to inherit all my late husband's wealth. My late husband made his last will to make sure the funds were used for humanitarian support in a foreign country and I don't wish to jeopardize His last will.

Listen, why I needed someone like you to handle this project is because my late husband only wanted a foreigner from outside our country and not here in London to have my late husband's earn fund and do as per his wish, I don't even want my late husband relative to be aware when and where the said fund transfer to and that is the reason why I needed your help most now am on sick bed here in the hospital in London and my last surgery will be soonest which I believe not to survive, my dear, please try and understand on my situation and carry on this project with me immediately, this is 100% RISK FREE and LEGITIMATE.

You have to contact my lawyer with this email: barr.franciswill@gmail.com and forward your FULL NAME, ADDRESS, DATE OF BIRTH, MARITAL STATUS, OCCUPATION, GENDER, CONTACT NUMBER to him for the processing of the Charity inheritance funds. My Family Lawyer name is Barr. Francis Williams and he will need your complete information to raise the relevant documents in your name as my next of kin, i have informed him about you and he is waiting for your mail.

Kindly help me and have this whole fund in your position, you can build a school or safe house in your own country for the less privileged around you. I really believed in you that you have all things you needed in life but think about the poor ones around you that don't have, let the God you worship use you and help poor ones around you and the God you worship will always bless you.

Please I have no much time with me again in this world, let's start processing this transfer only with you before my last surgery which I believe not to survive so that you will have this One Million Nine Hundred Thousand United State Dollars (\$1,900,000.00 USD) as my next of kin in your position within few banking working days. Believe me; this will surely end soonest before you know it and this whole fund will surely be in your position.

Kindly start from now to seal this only to yourself to avoid mistake in transferring the whole fund to another destination, so you have to be careful with this, if anything you want to ask, just ask it directly to my lawyer (Barrister Francis Williams) because he will surely help and guide you to the last step of this transaction. You are to contact my lawyer through this email Id: barr.franciswill@gmail.com and Our communication should be strictly through email. Hoping to receive your reply.
